

SASSY SOLUTIONS

22nd May 2008

To Whom It May Concern

Re: Testimonial

We officially appointed Sassy Solutions as our agent for the GCC region in the UAE to distribute our brand eyesliceS® since mid 2007. Finding the right channel partners is extremely important to us, as our distributors are custodians of our brand in the territory.

We identified with the Sassy Team's passion and excellent Marketing Band building skills when we met them and therefore decided to place the brand custodianship of eyesliceS® for the UAE in their capable hands.

Sassy recently exhibited our Brand at the Beauty World Dubai exhibition 18th-20th May 2008 where our stand was by far the most attractive, original and well presented. Had there being and ward going, Sassy would have won it! Their creativity, attention to detail and level of excellence are commendable.

We look forward to a good future in partnering with them in their region and trusts that the sales will line up in line with their creative excellence as we start penetrating the region.

Kind Regards,

Kerryne Krause-Neufeldt

Chief Excitement Officer
