

Angela Corder

Sassy Solutions

Testimonial

To Whom It May Concern I have known Angela Corder for over two years and can honestly say that I do not believe I have met a more enthusiastic focused and dedicated individual.

Since Sassy Solutions had been set up we have been working closely projects with both Shana and Angela and the creativity that both put in, is always productive.

As a creative design studio we need to understand the brief intimately to enable us to produce a unique solution for our client. Through Sassy Solutions we have can ensure that this happens, their understanding of the client needs and that delivering that solution, team work is essential and during our working experience with Sassy Solutions this has been seamless.

I would have no hesitation in recommending Sassy Solutions for their creativity, work ethic and overall professionalism.

Kind Regards,
